

Disney Musicals in Schools
Photo & Video Release

Your student is participating in a theater program called Disney Musicals in Schools, offered at his/her school by \_\_\_\_\_ ("Partner Organization"). Through the program, your student will work with his/her classmates, teachers, and Partner Organization staff to produce a stage production of a Disney story.

Disney Theatrical Group created the program and works closely with Partner Organization on the project. During rehearsals and/or performances Partner Organization and/or Disney may take photographs or video (together, the "Footage") of your student and his/her classmates and teachers as they work on the project.

By signing this release, you give Buena Vista Theatrical Group Ltd. ("Disney") and Partner Organization permission to use such Footage of your student. While Disney and Partner Organization may elect to use the Footage for any purpose—in all now known and yet-to-be-created media, in any language in perpetuity—it will typically be used in materials supporting the Disney Musicals in Schools program or the shows themselves so that our program can reach more students like yours. Examples of typical and possible use are:

- Videos on the DisneyMusicalsInSchools.com website
• Photos in published teachers' guides to give other teachers ideas for costumes
• Photos or videos in news stories about the program

FAQ

Q. Will you definitely take and use photo/video of my student?

A. No. This form simply gives us the option to do so, but there is no guarantee or obligation for Disney\_or Partner Organization to use the Footage.

Q. Will I be compensated for any use of my student's likeness or the Footage?

A. No.

Q. If I elect not to grant permission, will my student be removed from the program?

A. No. We respect your decision not to provide permission, and this will have no bearing on your child's participation in the program. Please note that neither Disney nor Partner Organization decide which students may participate in Disney Musicals in Schools. Such decisions are the full responsibility of participating schools.

Q. If I elect not to grant permission, how does this affect the program?

A. Should you opt out, Partner Organization may elect not to photograph/video your student's school. Because of the large group nature of musical theatre, Partner Organization may decide that they cannot reasonably photo/video your student's school without capturing your student. As such, your student's school may not be included in or receive any professional photographs or videos of their participation in the program.

School Name: \_\_\_\_\_

Student Name: \_\_\_\_\_

Guardian Name: \_\_\_\_\_

Date: \_\_\_\_\_

\_\_\_ Yes, I grant Disney and Partner Organization permission to take and use my student's photo/video
